Repo: tailwindlabs/tailwindcss **Pull Number:** 10212 **Instance ID:** tailwindlabs__tailwindcss-10212

Created At: 2023-04-04 **Base Commit:** d731049... **Issue Numbers:** ["10180"] **Version:** 3.2 **Test patch:** [...]

Website: ['http...','http···'] **Issue_Image:** [...] **Fail2Pass:** ["tests/default-extractor.test.js"] **Pass2Pass:** [] **Patch:** [...]

Problem Statement

Div content with brackets [] prevents arbitrary class from being generated

This works: https://play.tailwindcss.com/0VLICQ8oUW

This does not work: https://play.tailwindcss.com/5KJf7xDKv6

tests/default-extractor.test.js — Test Patch

```
488
489 -   expect(extractions).toContain(`text-[#bada55]`)
490 - })
491 +
492 + test('arbitrary properties followed by square bracketed stuff', () => {
493 +   let extractions = defaultExtractor(
494 +     '<div class="h-16 items-end border border-white [display:inherit]">[foo]</div>'
495 +   )
496 +
497 +   expect(extractions).toContain(`[display:inherit]`)
498 + })
```

src/lib/defaultExtractor.js — Patch

```
30    let utility = regex.any([
31 -    // Arbitrary properties
32 -    /\[[^\s:'"`]+:[^\s]+\]/,
31 +    // Arbitrary properties (without square brackets)
32 +    /\[[^\s:'"`]+:[^\s\[\]]+\]/,
33 +
34 +    // Arbitrary properties with balanced square brackets
35 +
36 +    // with square brackets to work in arbitrary properties
37 +    // while fixing a problem with the regex matching too much
38 +    /\[[^\s:'"`]+:[^\s]+?\[[^\s]+?\][^\s]+?\]/,
```
